

## Data Act – Information on the Product Data

Under European Union Regulation (EU) 2023/2854 (the "EU Data Act"), in accordance with Article 3.2 of the EU Data Act, Evac informs the customer that the Products:

### USP DRAGGONE

collect and utilize product data as follows:

The type, format and estimated volume of product data which the connected product is capable of generating	USP system readings are logged within a data logger inside the control cabinet.
Whether the connected product is capable of generating data continuously and in real-time;	The data logger will log with the system being switch on, switched off or power fail.
Whether the connected product is capable of storing data on-device or on a remote server, including, where applicable, the intended duration of retention;	The data logging capabilities of the control panel are not connected to a remote server.
How the user may access, retrieve or, where relevant, erase the data, including the technical means to do so, as well as their terms of use and quality of service	System readings can be uploaded to a laptop with the correct software.
